ENGAGED!

Engagements are so much fun that I decided to include them with every wedding package. That's right. When you book a wedding with Allen Arrick Photography, you get a free engagement session.

Frequently Asked Questions about Engagements:

Q: Where do you shoot engagement sessions?

A: Essentially anywhere. I don't do studio backdrops or anything that would limit the scope of the session. Typically, I shoot e-sessions in the Tyler area at a multitude of locations, including downtown, the Rose Garden, the Children's Park and other various areas. If you have a suggestion or a favorite place, let me know and I'll be happy to accommodate you.

Q: What should I wear to the e-session?

A: I always tell my couples to dress fashionably, but don't be matching. Let's leave the matching white shirts and Khaki's for less cool couples.

Q: Do I get a CD with my engagement session?

A: CD's are available for purchase. It's an extra \$250.

Q: So how do I get my pictures?

A: Allen Arrick Photography has an online print ordering system. You can order prints from 4x6 (\$2) to 16x20(\$30). Engagement sessions come with 1 free 11x14.

Engagement Extras

A high-resolution DVD of the engagement session - \$250

MODERN BRIDALS

Bridals give you a change to try on your dress, try out your hairstyles, see your boquet and try out your photographer. They're a total blast and you'll have so much fun wearing your dress for a day.

Frequently Asked Questions about Engagements:

Q: Where do you shoot Bridal sessions?

A: Basically anywhere I would shoot engagement sessions. The sky is the limit (unless of course you own an airplane).

Q: Should I bring a white sheet to protect my dress?

A: In my experience, even the best photographers cannot guarantee a perfectly clean dress. While we'll try our best to make sure your dress doesn't get dirty, sometimes a little dirt gets on the dress. A white sheet doesn't really help this. Either you see it in the photo, or it doesn't do any good.

Q: Do I get a CD with my engagement session?

A: CD's are available for purchase. It's an extra \$250.

Q: So how do I get my pictures?

A: Allen Arrick Photography has an online print ordering system. You can order prints from 4x6 (\$2) to 16x20(\$30). Bridals include 1 free 11x14.

EVERYBODY LOVES A **PHOTOBOOTH!**

What it is:

During the entire reception, Allen Arrick Photography will set up a photo booth with a white background for guests to have their picture taken.

The booth is meant for fun and generally wacky pictures.

What it isn't

The booth is not something you sit in and press a button. It is manned by Allen.

The booth is not for 1-2-3-cheese style portraits.

The booth will not spit out pictures immediately like traditional photo booths.

Why?

Generally, the photojournalistic style of photography allows Allen to take pictures of people who are doing something worthy of having their picture taken. This generally includes fun expressions, people dancing...etc. The photo booth gets pictures of everyone!

Anyone can participate in the photo booth, and it's always fun to see personality come out.
